Welcome to Daymap Connect – Parent Portal!

We are excited to inform you that this year we will commence using the parent portal called DayMap Connect where you will be given access to view information that is relevant to your child. Through DayMap all students and parents/caregivers are able to access their timetable, lesson notes, assessment tasks, homework and the electronic diary. Daymap can be accessed on Smartphones, Ipads, Tablets, and Computers with internet connection. Assessing Daymap will use only minimal internet data.

This easy-to-use system allows parents to create and manage their own accounts for Daymap Connect, requiring only one login and password per parent to access details for all students enrolled in our school. From your Parent Portal page, you'll be able to view the following information:

<table>
<thead>
