

# 2021 APPLICATIONS

AFLW \* SOCCER \* CRICKET

## Respect

Students enrolled in the Specialist Sports Program display respect in their dealings with staff, fellow students and opponents.

## Diversity

Specialist sport students value diversity, their own sporting and character strengths as well as their background.

## Excellence

As role models, Specialist Sport students are encouraged to strive for excellence and for progress in both their academic and sporting endeavours.

## STUDENT INFORMATION

### ENTRY REQUIREMENTS

At Roma Mitchell we are committed to the progress our students. Students enrolled in the Specialist Sport Program (SSP) benefit from high quality mentoring and training programs in soccer, cricket and womens AFL (AFLW).

The school works in partnership with industry sports associations including, the South Australian Cricket Association (SACA), South Australian Womens Football (AFLW) and Football South Australia (FSA) to give our students access to the best sports training in the state. We are also well placed in terms of proximity to state of the art training facilities.

Specialist Sports Program students develop their sporting prowess through participation in various state and national level competitions, whilst undertaking a specialised curriculum focusing on skill development, sporting pathways and academic rigour. Our Specialist Sport students are mentored and guided by talented coaches and sporting industry leaders in their chosen sports, while being supported academically to achieve their best.

Student selection criteria for acceptance into the program include advanced sporting skills, strong work ethic, academic potential and character. As school role models, SSP students must uphold the school values of respect, diversity and excellence at all times.

Our aim is for each student to develop an understanding of the discipline, team work, leadership, work ethic, and academic standards required to be successful in elite sport, school and life in general. In order to maintain the high standard expected of our students, we regularly review the performance of each student.

Students who find it difficult to cope with balancing their chosen sport with their academic requirements, or behavioural expectations will have access to counselling and or relevant support staff. However, if the intervention process is not successful, students risk losing their position in the program.

1

### COMPLETE APPLICATION FORM

BY 11 MAY 2020
